JAZMIN CAMPOS
UX DESIGNER

Profile

With an extensive public health background, I approach UX design with a passion for understanding people's needs and an exceptional ability to communicate ideas across diverse backgrounds. This results in a unique perspective for understanding how the social and behavioral values of my users impact the designs I create.

Project Experience

- General Assembly's UX Design Immersive (DSI) is a 10-week long training program dedicated to giving students a dive into the world of UX Design. Completed in class projects and personal projects focused on the real-world applications of design principles and best practices.
- Adobe Digital Academy Scholarship Recipient

Project Three Link

Facebook Professional App:
A team project that concocted the idea of helping Facebook enter the professional networking social media arena by creating functionality and/or app into their current platform, positioning them in a prime position to compete with notable companies such as LinkedIn.

My Role:
Lead Project Manager:
Lead Project manager incorporated integration of software to help our team organize, collaborate, contribute and create our deliverables, such as Trello, Milanote, Draw.io.com, Gloomaps, and Adobe XD.
